# Readiness and Preparatory Support

## Output Logframe

### **Proposal title**

Please provide a proposal title. The title should include the country name(s) and a brief description of the subject. Avoid generic titles like “First Readiness Grant” and use a proposal-specific title instead.

### **Country(ies) / DAE(s)**

Type here

Please provide a logical framework based on the TOC developed in the Direct Access Proposal and which has been devised in accordance with the "Revised RRMF". Ensure its alignment with the Country Results Framework (Outcome level logframe).

While this template allows Countries and DAEs to prepare the Output-level Logframe offline, please note that all information must be entered and officially submitted through the online submission platform in the **GCF Partner Portal**.

## Objective 1. Capacity-building for climate finance coordination and setting up the enabling environment for integrated climate investment

Select all relevant outcomes that will be addressed through Readiness activities

☐ Outcome 1.1. Developing countries, through NDAs or focal points, have enhanced capacity to fulfil their roles, responsibilities and policy requirements, including Coordination Mechanisms to engage relevant stakeholders to develop, advance, and implement NDCs, NAPs and LTSs.

### ⊙ Select relevant outputs that contribute to this outcome

Choose the specific outputs that will be delivered under this outcome

#### ☐ Output 1.1.1

NDA/focal point and other climate stakeholders have enhanced their capacity to fulfil their roles and responsibilities to develop, advance and implement NDCs, NAPs and LTSs

#### Output Indicator 1.1.1.1

Proportion of NDA/focal point, Coordination Mechanism and other climate stakeholders reporting an enhanced capacity to fulfil their roles and responsibilities to develop, advance and implement NDCs, NAPs and LTSs (Individuals: X/total).

**Purpose:** This indicator relates to the extent to which an inclusive, country-level Coordination Mechanism or Country Platform is established or strengthened.

**Unit:** No. of participants

☐ **Output 1.1.2**

An inclusive Coordination Mechanism has enhanced capacity to fulfill its mandate to develop, advance and implement NDCs, NAPs and LTSs

**Output Indicator 1.1.2.1**

An inclusive Coordination Mechanism or Country Platform is established or strengthened.

**Purpose:** This indicator tracks the extent to which the Coordination Mechanism Country Platform has successfully engaged climate stakeholders and fostered complementarity through collaboration with multilateral climate funds, financiers, and partners, and how well the Coordination Mechanism/Country Platform is facilitating joint efforts in advancing NDCs, NAPs and LTSs.

**Unit:** No. of coordination Mechanism/No. of Country Platform

**Expected Deliverables**

Select the key deliverables that will be produced under this outcome

- ☐ Status report on capacity building of NDA and climate stakeholders to develop, advance, and implement NDCs, NAPs and LTS
- ☐ Status report on country coordination mechanism, country (or regional) platform for enhanced climate finance access to develop, advance, and implement NDCs, NAPs and LTS

☐ Outcome 1.2. Developing countries design and implement strategic frameworks (including NDCs/NAPs/ LTSs), policies and instruments, including climate investment plans, to create enabling environments for integrated climate investments.

☐ **Output 1.2.1**

NDA/focal point and other climate stakeholders have enhanced their capacity to fulfil their roles and responsibilities to develop, advance and implement NDCs, NAPs and LTSs

**Output Indicator 1.2.1.1**

Number of inclusive NDCs, NAPs and LTSs developed or advanced.

**Purpose:** This indicator relates to the number of inclusive NDCs, NAPs, LTSs developed or updated within the country.

**Unit:** No. of the NDC(s) which have been revised or updated or new/No. of NAP which have been revised or updated or new /No. of LTS which have been revised or updated or new

**DISAGGREGATION**

- ☐ **New - NDC** (No. of the NDC(s) which have been revised or updated or new)

**Output Indicator 1.2.1.3**

Number of inclusive policies, regulations and mechanisms developed or enhanced to incentivize private sector engagement and catalyze private funds

**Purpose:** This indicator tracks the number of inclusive policies, regulations, and mechanisms that have been developed or enhanced to incentivize private sector engagement and catalyze private sector funds for climate action. This indicator also measures the contribution of the RPSP to USP-2 targeted results on “catalyzing climate finance from the wider ecosystem and engaging local private sector, micro small- and medium- sized enterprises (MSMEs), national and regional financial institutions.”

**Unit:** No. of new policies/No. of regulations/No. of mechanisms

### Expected Deliverables

Select the key deliverables that will be produced under this outcome

- ☐ Status report on the National Adaptation Plan (NAP)
- ☐ Status report on the Nationally Determined Contribution (NDC)
- ☐ Status report on the Long-Term Strategies (LTS)

- ☐ Status report on policies, regulations and mechanisms developed or enhanced to incentivize private sector engagement

☐ Outcome 1.3. Direct access applicants and accredited entities (DAEs) have met and maintained the accreditation standards of the GCF and strengthened their programming capacities, as evidenced by the development of GCF-funded activities.

© **Select relevant outputs that contribute to this outcome**

Choose the specific outputs that will be delivered under this outcome

☐ **Output 1.3.1**

Institutional gaps of direct access applicants and accredited entities (DAEs) are addressed to obtain and/or maintain accreditation.

**Output Indicator 1.3.1.1**

Number of direct access applicants and accredited entities (DAEs) with capacity, systems, policies and tools that are compliant with GCF accreditation/reaccreditation requirements

**i Purpose:** This indicator tracks the number of direct access applicants and DAEs that have benefited from pre-accreditation support provided by RPSP, which relates to enhancement of capacity, systems, policies, and tools to meet the accreditation or reaccreditation requirements of the GCF

**Unit:** No. of entities benefitted from the country window

☐ **Pre-accreditation Support** (No. of entities benefitted from the country window)

- ☐ Status report on capacity building of direct access applicants and accredited entities to meet GCF accreditation requirements

## Objective 2. Paradigm-shifting GCF pipeline development and implementation for adaptation and mitigation, based on country needs and guided by USP-2 programming targets

Select all relevant outcomes that will be addressed through Readiness activities

☐ Outcome 2.1. Developing countries have developed or updated their Country Programmes to guide GCF investment

### Ⓢ Select relevant outputs that contribute to this outcome

Choose the specific outputs that will be delivered under this outcome

#### ☐ Output 2.1.1

An inclusive Country Programme has articulated the country's needs, climate priorities and GCF USP-2 programming targets for the country

#### Output Indicator 2.1.1.1

An inclusive Country Programme document developed or updated with country's needs and climate priorities, guided by GCF USP-2 programming targets

**Purpose:** This indicator relates to the extent to which the adopted Country Programme is guiding country engagement/programming with the GCF and other complementary sources of climate finance.

**Unit:** No. of country programme document

☐ **Output 2.2.1**

Investment-grade Concept Notes and/or Funding Proposals that are fully aligned with the Country Programme and passed the GCF screening process

**Output Indicator 2.2.1.1**

Number of studies, assessments, and other actions undertaken to support the development of investment-grade Concept Notes and/or Funding Proposals

**Purpose:** This indicator tracks the number of necessary studies and assessments conducted to support the development of investment-grade Concept Notes and/or Funding Proposals.

**Unit:** No. of Studies/assessments conducted

**DISAGGREGATION**

☐ **Number of Studies/assessments conducted by GCF**

### Output Indicator 2.2.2.1

Investment-grade Concept Notes and/or Funding Proposals that are fully aligned with the Country Programme and passed the GCF screening process

**Purpose:** This indicator tracks the number of direct access applicants and DAEs that have benefited from pre-accreditation support provided by RPSP, which relates to enhancement of capacity, systems, policies, and tools to meet the accreditation or reaccreditation requirements of the GCF.

**Unit:** No. of CN developed and approved/No. of FPs submitted to the GCF or other climate funds

### DISAGGREGATION

☐ **Concept Notes Submitted to GCF** (No. of CN approved)

Baseline value

Target value

☐ **Concept Notes Submitted to other Climate Fund/Entities** (No. of CN developed and approved)

### Expected Deliverables

Select the key deliverables that will be produced under this outcome

☐ Concept Note, [Country / Region] & Studies, assessment, reports, etc. to support the development of investment-grade Concept Notes

- ☐ Funding Proposal, [Country / Region] & Studies, assessment, reports, etc. to support the development of investment-grade Funding Proposals

☐ Outcome 2.3. NDAs and DAEs have enhanced processes and systems to effectively oversee the implementation, financial management, monitoring and reporting of climate programmes and projects

© **Select relevant outputs that contribute to this outcome**

Choose the specific outputs that will be delivered under this outcome

☐ **Output 2.3.1**

NDA and DAEs have enhanced relevant capacity, processes and systems in place to oversee and implement climate programmes and projects

**Output Indicator 2.3.1.1**

Number of NDA and DAEs reporting enhanced processes and systems, knowledge and skills that advance their programme/project implementation, financial management, monitoring and reporting, and compliance with GCF standards and policies

**i Purpose:** This indicator tracks the number of NDA and DAE within a country that have reported capacity, system and processes improvements in key areas crucial to the effective implementation of GCF-funded activities, focusing on programme/project management, monitoring and reporting.

**Unit:** Number of NDAs with reported capacity, system and processes to effectively implement GCF funded activities/Number of DAEs with reported capacity, system and processes to effectively implement GCF funded activities

**DISAGGREGATION**

- ☐ **NDA related** (Number of NDAs with reported capacity, system and processes to effectively implement GCF funded activities)

- ☐ Status report on capacity building of NDA and DAEs in [Country/Region] in project/ program design, implementation and oversight

## Objective 3. Knowledge-sharing and learning to enhance national and regional cooperation on climate programming and financing

Select all relevant outcomes that will be addressed through Readiness activities

☐ Outcome 3.1. Developing countries through NDAs or focal points have made use of knowledge products to address policy gaps and integrated climate investment programming and implementation

### © Select relevant outputs that contribute to this outcome

Choose the specific outputs that will be delivered under this outcome

#### ☐ Output 3.1.1

Climate knowledge products and resources are generated and disseminated to develop or advance policies, programming and/or implementation

#### Output Indicator 3.1.1.1

Number of inclusive knowledge products and resources

**Purpose:** This indicator measures the number of knowledge-sharing products and resources developed within a country, focused on climate change. It tracks the creation and dissemination of products and resources that support climate-related policies, programs, and implementation. The indicator emphasizes inclusivity by ensuring that these products and resources reflect diverse perspectives and are accessible to a wide range of stakeholders.

**Unit:** No. of knowledge products/No. of resources

### Output Indicator 3.1.1.2

Number of inclusive knowledge-sharing events and platforms

**i Purpose:** This indicator tracks the number of knowledge-sharing events and platforms organized within a country that facilitate exchange of information and best practices to address climate change issues. The focus is also on inclusivity, ensuring these events and platforms engage diverse stakeholders.  
**Unit:** No. of events/No. of knowledge platforms
